**RSVP ONLINE TODAY!**

With a change in government earlier this summer and a new Central West LHIN strategic plan in development, the future of health care - provincially and locally - is now.

Headlined by **Helen Angus, Deputy Minister of Health and Long-Term Care**, you are invited to attend the Central West LHIN's upcoming Governance and Leadership Forum where you will gain insight into emerging provincial and local health care priorities.

We want to hear from you!

Through an interactive Q&A with Helen and cross-sector table discussions among colleagues, come prepared to share your thoughts and questions on health system priorities, providing feedback on the direction of our provincial and local health care systems.

Let's advance the conversation on how we, as a network of health system partners, can build a more accessible and integrated local health care system by planning for tomorrow.... today!

Together, building a **healthier** community for all!
